**HIGH SECURITY  
WELD MESH**

**WE DESIGN  
TO SERVE  
YOUR NEEDS**

## ➤ ABOUT US

Tradia designs and distributes high quality **HIGH SECURITY WELDED MESH** fencing products fulfilling the requirements of wide range of applications, from farmlands to political border areas. Tradia has been operating in Africa since 1996 and large ground has been covered in the last two decades. In terms of sheer production capacity, we are served by five large manufacturing units in South Africa. Continuous investment in people and technology keeps us at the forefront of the fencing industry.
